

Using the Gunnison County's parcel information site is simple, but does require a few steps to get to the parcel. Follow the below steps to find your parcel:

1. Go to <http://www.southwestdata.org/Website/gunco/launch.htm>
2. Click on the map to the left of "☺ GunnisonCounty" and be sure to allow pop-ups
3. Read the disclaimer and accept
4. In the right-hand menu, click the box and dot next to "Parcels" and click "Refresh Map"
5. Using the automatically selected zoom feature, click and drag the red box around the word "Gunnison"
6. Again with the zoom feature, drag the red box around the grey area surrounding "Gunnison"
7. Remembering that Main Street is Highway 135 and Tomichi Avenue is also Highway 50, locate the area of your parcel and drag another red box around the area
8. Switch your selected tool by clicking in the left-hand tool bar on the "Identify" tool, designated by a lowercase "i" (fifth down in the left column)
9. Click on the parcel you are inquiring about and all known information concerning that parcel will come up along the bottom (use the scroll bars to view)

This should guide you through the County's database, but if you have any questions call (970) 641 – 8090.
